A LL EDUCATED VETERINARIES ADVOCATE
A Veterinary Dentistry, well knowing that no other method has yet been discovered that produces the same satisfactory result I cut the front seeth of old horses so that the back teeth come together Very few horses, young or old, but have more or less sherp egges or rough projectors upon their molars. These sharp points lacerate the mouth, thereby causing toriure to the horse, and he tries in various ways to rid himself of the trouble. Some toes the head, droll or slobber, others start suddenly or stop short, and some shy, drive sideways or hold their head in an unnatural manner.

manner.

Blindness in one or both eyes, a rough coat of hair, a suffering horse and disagreeable driver is caused by a defective mouth. I carefully remove all irregularities and place the mouth in a level, natural condition.

natural condition.

Yeterinary dentistry is an act of humanity. It not only relieves suffering but produces a fine, pleasant driver, and gives you a healthy horse whose life is prolonged at least five years. I have had eight years experience in this business and am qualified to give thorough satisfaction.

The Envelope Trick - Playing the Marriage-Certificate Dodge-The Coin in Hand—Bogus Checks—An Exchange of Rings.

We receive all the way from \$5 to \$100 per marriage generally, although in many instances we are 'beaten clean out' of the fee. In the first place, there's the envelope dodge. One night a happy, loving couple awoke me in the middle of the night and wanted me to marry them. I arose, dressed myself and performed the ceremony. As the parties turned to leave the groom hunted through his coat-tail pocket, and when the bride's head was turned he surreptitiously handed me a well-filled envelope. I bowed them out, thinking I had been well paid for my trouble. I hurried to my room and told my wife she could have the new bonnet she had been plaguing me about. The "Elephant" Hotel.

[Chicago Times.] The large hotel of elephant shape which has been in process of erection at Coney island, N. Y., for two years, is completed, and its back is 175 feet above the ground. Friday the manager led a number of visitors up through the elephant's left hind leg into his stomach, and the beast was discovered to be devoid of vitals. The "stomach-room" is sixty by thirty-five feet and triangular in shapa. From the stomach-room the ex-plorers walked through the elephant's displragm and along his liver up into his left lung, where a museum is to be situated during the summer. Then the course was from the lung into the "shoulder-room," then up to the "cheek-room," where they looked through the elephant's right eye out to the ocean and peered down into his trunk.

This store is now being generally known all over the State of Nevada as the popular

Dry Goods House, and its proprietor, C. W. Booton, is well known as the

Revolutionizer of Prices and Readjuster of Values

## STAPLE & FANCY DRY GOODS

CENTS' FURNISHINGS, HOUSEHOLD FURNISHINGS. READY-MADE CLOTHING And BOOTS AND SHOES.

Please note the various reasons by which I claim I have adantage over all competing houses:

1st. I BUY FOR CASH, and cash only.

2d. I VISIT THE MARKETS IN PERSON, frequently, and buy my own goods myself, for the lowest possible spor case price.

3d. My aim and ambition is big business, quick sales and small profits. This is what I claim and what I hustle for. Having this object in view-to give everybody good value for their money—success is already achieved, as I challenge anyone to dispute that I make the lowest prices.

4th. MY STORE IS THE THE LARGEST AND BEST LIGHTED of any in the city-the bree large plate-glass show windows which ornament the building would do credit to any large store in a large Eastern city, light being of great importance in any well-regulated store.

5th. I engage the best and most experienced and skillied salesmen that can be found in this country. W. R. Lett has full charge of my store; his experience is account to none in this country, having had charge of departments for many years in the leading houses of New York City.

6th. I DO JUST AS I ADVERTISE; I do not advertise my goods abcost, as no intelligent person could swallow so silly an announcement as that. Nevertheless many of our merchants of to-day advertise under the bead of selling goods at cost.

7th. All goods are marked in plain figures, and no goods are misrepresented

LIAVING GIVEN SEVEN REASONS WHY I LEAD ALL COMPETing houses in prices. I will venture still further to convince the o by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments

### In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including fine French Cashmeres, French Camel's Har, Beating Cloths, French Fouls, Tricotine Cloths, Albatross, Nuns' Veiling, French Debeiges, Fanoy Striped Alpaca in plaids and stripes. I keep all the leading patterns found in the market.

#### The Black Goods Department

Is well stocked with all the latest and best-known brands of French Cashmere, French Camer's Hair, French Soliel, Albatross, Nun's Veiling, Sicillian Cloths and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

#### The Corset Department

The Hosiery Department

### In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark—that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell suits for men from \$5 up.

#### In the Underwear Department,

Including Ladies' and Gents', I positively state that I sold more of these are in last season then any two competing houses. Knowing this, and then looking to, and for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the largest and best-selected stocks of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

The Wine House Opened Saturday Night in a Blaze of Glorv.

Saturday evening at about 6 o'clock overhead the Wine House saloon was opened one of the finest sporting parlors in the at Osburn & Shoemaker's. State of Nevada, if not west of Omaba to the Sierras. For weeks past the enterprising propri-

etor of the premises, Spiro Francevich, has been sparing neither time, labor nor lavish expenditure of capital. At great expense the roof has been raised over twenty feet and a solid upper story constructed. which is now fully finished and decorated in the interior, with a commodious stairway leading up from the front of the saloon, conveniently adjacent to the main entrance. The upper story comprises one elegant, roomy apartment, 25x60 feet in dimensions, abundantly lighted and ventilated by numerons spacious windows and doors, all guarded by solid fireproof shutters. The apartment is hard-finished throughout and most tastefully wainspoated in vari-colored California natural woods, handsomely polished to bring out their beautiful color contrasts; and at night will be a blaze of light from raced? If El Rio Rey had been in the ber 31 calibre pistol. The woman was the myriad of gas jets and electric lamps adorning the room.

These handsome sporting parlors were old veterans of the sporting frateraity, (Kentuck), one of the oldest and best known knights of the green table in the marks of the wounded woman, she was themselves and will attract an army of old acquaintances as well as be a guarantee utable style.
